Dear Sirs,

Young people from “Chance for Growing” Association would like to invite you to join a project "Around crazy world- I give up-I choose a real life!" which is planned to submit in the call for proposal Erasmus+ Programme 2015, Key Action 1 (KA1) — Learning mobility of individuals. Deadline of this call for proposal is 30 of October 2015.

We are representatives of organizations dealing with social exclusion and our partnership project idea is addressed to young people in crisis who look for support, guidelines and help in solving their problems, because they do not know how to deal with on their own.

Authors of this concept have a several years' experience in work with youth from families with malfunctions and threatened with different social pathologies. The project implementation is caused by a huge scale of violence and addictions problems existing among young people communities. We would like to meet needs of our charges to show them ways and possibilities of spending their young life free from addictions making this life uncomfortable or unhealthy.

Our intent is to launch with Swedish youth associations a cooperation in order to create a documentary under the control of journalists from Polish, Local and Regional Televisions Association during professional workshops. The main subject of this documentary (preliminarily titled: “Youth towards prevention”/“Young people with fashion for life without addictions”) will be devoted to active ways of spending free time possibilities to prevent various threats existing in contemporary world.

The main goal of this project will be improving creativity and entrepreneurship of young people to give them a possibility of influencing on reality by propagating positive actions, good ideas, restoring meaning for authority. It shall be achieved through theoretical and practical preparation of young people during journalistic workshops to start using modern technologies within media in conscious way to promote good standards and to broaden fashion for healthy lifestyle without addictions.

Target group will focus on seeking alternatives and passions for young people to prevent them from addictions and harmful behaviours.

We would like to achieve following results:

- providing for participants valuable knowledge in the field of TV materials: skills and techniques of montage, media opening, ability of dealing with camera, microphone, tape recorder, understanding of principles of operation media. etc.
- independent organization by young participations meetings of media team;
- study visit in the editor's office of one local television;
- organization one discussion panel about a role of new media.
- creating a final manifesto by youth (in a form of broadcasting spot) with general principles of healthy lifestyle and passion addressed to all youngsters.

Added value of this initiative is strengthening of role of voluntary work among young people. The project contributes to young people level of chances equalizing coming from various environments and having different social status. It creates a chance for young people who on account of financial limited possibilities cannot develop their interests (on account of the lack of equipment, recordings places). The project will also introduce local community to the media culture and will contribute to bigger becoming awareness of threats.

It is also an attempt to transfer best practices which functioning in Scandinavian countries to Poland.

We need to involve in this initiative 8 young persons, 2 carers from Poland and the same amount from Sweden to realize goals of this project. All of them will be invited to prepare a documentary with TV programmes mentioned above jointly in Polish seaside centre in the period of 14 days.

We would be grateful, if you accepted our proposal to take part in this valuable project.

We believe that we are capable of achieving project goals together.
