

## Kalmar International Environmental Award 2010

Dear Madam/Sir,

In connection with the annual Hanseatic Days, which will be held on May 19-22 in Kaunas, Lithuania, the City of Kalmar, Sweden, will present an International Environmental Award.

The amount of the award is SEK 100.000 and is administered in cooperation between the City of Kalmar and nine companies representing different business areas. This award is intended for individuals, enterprises or organizations showing courage, strength and that have new solutions for improving the environment in and around the Baltic Sea.

The award may be presented to individuals, enterprises or organizations that have contributed by:

- innovative solutions showing sustainable improvements of the environment in and around the Baltic Sea
- improvement of the management and utilization of the common resources of the Baltic Sea resulting in improved environment, e.g. through international cooperation or exchange of knowledge
- strategies and practical solutions increasing the public awareness and knowledge on how everyone can contribute to improvements of the environment of the Baltic Sea.

An international jury nominated by the Executive Committee of the City of Kalmar will select a winner who has contributed with improvements within the criteria of the award.

You will find more information about Kalmar International Environmental Award, how to apply and when as well as an application form on our web site:
