Dear UBC friends,

I invite you cordially to the annual meeting of the UBC Commission on Tourism to be held March 17 - 19, 2011 in Greifswald.

It is an honour, that our University and Hanseatic City hosts this conference, which will turn on the topic of Baltic identity with special focus on how it matches our regional strategy. During the presentations and discussions we can enrich our knowledge, we hope to further enhance our results and define the direction of our common development.

I am looking forward to your visit in our town and hope for a successful cooperation.

Warm regards,

Dr. Arthur König
Lord Mayor
