

The SnowCastle of Kemi by the Gulf of Bothnia in Finland is the source of great pride as well as a true showcase of architectonic snow-work of the local constructors. Every winter - year 2015 for the 20th time in a row -the SnowCastle offers wonderful experiences for both children and adults alike.

Great light-effects will add charm of the snow- and ice-sculpting as well as to the structures about the SnowCastle. The SnowRestaurant, SnowChapel and SnowHotel are all situated in the SnowCastle area in Kemi Inner harbour, only 1 km from the city centre.
