

### **The tower of Aalborg**

Enjoy beautiful views of Aalborg - Take the elevator 55 feet up and enjoy the stunning views of the city and Vendsyssel. The tower is the city's landmarks, although the tower was meant as a temporary mono meant. The tower is built in 1933 in North Jutland. Situated on Skovbakken is the platform 105 meters above sea level. Up here you have the opportunity to enjoy food and drink from the bistro.

### **Utzon Center**

Utzon Center in Aalborg is an experimental cultural center where architecture, design, art and communication form a synthesis. The center was designed by renowned architect Jørn Utzon.

Utzon Center was opened in May 2008 and is the first in a series of cultural activities along the waterfront in Aalborg.

In addition to changing exhibitions, the house contains also the beautiful Spidsgatterbåd, designed by Jørn Utzon's father, Aage Utzon.

Aalborg Zoo welcomes you to a visit with some of the world's great species. You can visit the polar bears in their new and renovated polar bear facility or come face to face with a Sumatran tiger clean.

Aalborg Zoo is the most popular Zoo outside Copenhagen, was found in 2012 when the garden set visitor record, reaching an attendance of 410,000 guests. In 2013, sat Aalborg Zoo another visitor record with 470,000 visitors.

New in spring 2014

If you dreamed of getting in Jurassic Park when the movie was in theaters, do not fret you more! T-Rex and other dinos occupies Aalborg Zoo from 17.4. to 19.10., and is ready with a roaring welcome.
